There are children everywhere who are in danger of "at-risk futures" because they are unable to read at a proficient level. Reading Camp Director, Cleo Swager has recruited and organized a group of volunteer professionals who provide reluctant and struggling readers with the opportunity to improve their reading skills.

READING CAMP is a true camp experience that doesn't look or feel like school. The setting, approach, and materials are new to the children who participate. Each child receives individual and small group instruction in reading material of their choice and is encouraged to develop a love for the written word. READING CAMP is truly a "failure free" experience.

THE PROGRAM. Campers use the morning and a session in the afternoon to participate in six learning centers each day. In these centers, the campers participate in various games and activities to build their confidence and skills in several areas. Our small groups and committed staff are able to accommodate various learning styles and ability levels. The rest of the day is filled with fun outdoor camp activities led by college-aged counselors-swimming, canoeing and kayaking, group games, hikes and evening campfire programs. By the end of the week, our goal is to have campers gain confidence in their reading because of the success that they experience at camp.

SKILLS PRACTICED and learned during Reading Camp include:

- Phonics
- Decoding / Encoding
- · Writing
- · Reading Comprehension
- · Vocabulary Development
- Reading Strategies

ELIGIBILITY. Students having completed 2nd grade and entering grades 3 through 6 and are:
