Camp Facilitates Retreat

Thank you for helping make camp happen this summer!

Thank you for supporting LOMIK during the 2020 season when we chose to cancel our traditional summer camp experiences due to the COVID pandemic. It was a tough decision, but we felt it best to be mindful of the health of all of our camp families.

The graphs above show where our support came from and what sites it went to. Here are some of the exciting things you helped us to accomplish:

Purchased new sofas for group spaces, 2 trucks and a utility vehicle, supplies for bathhouse & outpost shelter renovations, beds for Kempiski retreat center, supplies for servant leader and trailblazer servant camp, climbing wall inspection, training & safety equipment, new windows in staff housing, food serving line COVID updates, staff training and staff salaries for the summer.

We could not have done it all with out YOU. Thank you!

Dear Friends. Because of faithful people like you we are able to celebrate making it through an unprecedented year, offer in-person summer camp experiences again, and provide scholarships to campers who otherwise could not afford to attend. Lives are being touched at this very moment. – Pastor Steve Flynn
